🪪 Introduction

Assalamualaikum,

I am a student of Computer Science and Engineering at Daffodil International University, I am passionate about technology and its applications. I am eager to apply my skills and knowledge to real-world challenges and make a positive impact in the field. Recently I have enhanced my skills on machine learning.

🏳 Highlights

Machine Learning ● ● ● ● ○   UI/UX Design ● ● ● ● ○

🧩 Career Objectives

- To obtain a challenging and rewarding position in a reputable organization where I can utilize my technical skills, creativity and knowledge to contribute to the company's growth and success.
- To work in a dynamic environment where I can continuously learn, grow, and make a meaningful impact in the field of computer science.
- To work for an organization that values creativity, innovation, and diversity and provides opportunities for professional growth and development.

🎓 Educational Qualification

2020 – (Present) Ongoing	**Daffodil International University** *Bachelor in CSE*	
2018 HSC (Science)	**Bogra Cantonment Public School and College** *GPA: 4.67/5.00*	
2016 SSC (Science)	**Bogra Cantonment Public School and College** *GPA: 5.00/5.00*	

🧠 Computer Skills

Machine Learning	Java
Python	Adobe Premiere Pro
mySQL	Adobe Photoshop
Computer Networking	UI/UX Design
HTML	MS Office

🧩 Other Skills

Leadership	Communication
Teamwork	Adaptability
Project Planning	Positive Attitude
English Language	Bengali Language

📂 Academic Projects

2022   **Diabetes Prediction**
A Machine Learning-based project to predict if a person has diabetes.

2022   **Student Management System**
A bash script-based student management system.

2021   **Cycle Lagbe?**
A modern website prototype   *(Using Figma)*

2021   **eSports Registration System**
eSports player registration system for esports players.   *(Using Java)*

2020   **Life Saver**
Ambulance booking mobile application prototype.   *(Using Adobe XD)*
